REMARKS/ARGUMENTS**Rejections for obviousness-type double patenting**

Claim 43-46 are rejected as allegedly unpatentable under the judicial doctrine of obviousness type double patenting over claims 13-20 and 43-45 of USSN 10/303,161. In order to expedite prosecution of this application, Applicants submit a terminal disclaimer of the term of a patent granted on the instant application over any patent granted on pending US Application Number 10/303,161. Applicants note that the filing of a terminal disclaimer to obviate a rejection based on non-statutory double patenting is not an admission of the propriety of the rejection. See, MPEP §804.02. Accordingly, Applicants respectfully request withdrawal of the rejection.
